BRACTON

POWDER COATED FINISHES

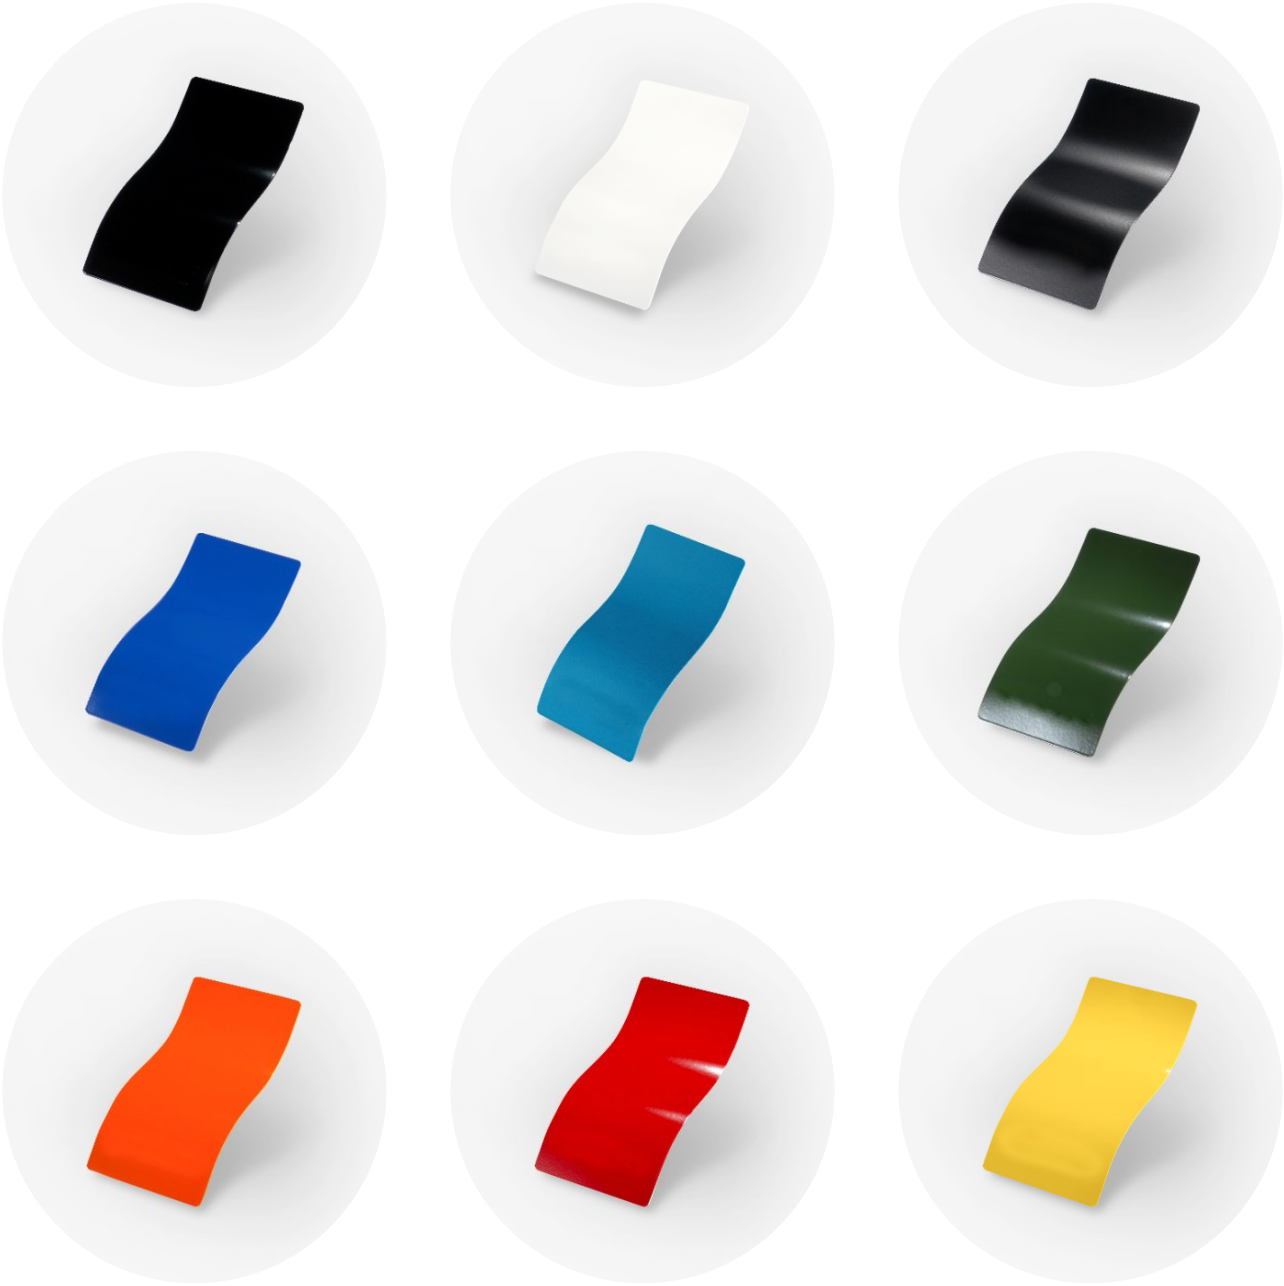

We offer a wide range of powder coated colour and texture options to complement any design. Durable, versatile, and visually refined — our finishes are made to perform and built to last.

POWDER COATED FINISH EXAMPLES

With over a thousand powder-coated colour and texture variations available, we can tailor the finish to suit any project. Engineered for strength and longevity, these coatings provide both protection and style.

The finishes shown here are representative samples only. Custom colours are available upon request.

BRACTON

FONTS

SAHARIAN TEE INSULATED

BRACTON

1 — 8 Taps

ENERGY EFFICIENT

Construction

Durable Australian build. Crafted from robust 304-grade stainless steel for lasting use. Designed to minimise beer wastage.

Energy efficient

Engineered for lower energy consumption, this innovative flooded and insulated design effectively reduces the system's heat load saving beer and electricity

Finishes

Over 30 electroplated and 1,000 powder-coated options; standard bright brushed stainless steel.

Custom branding (option)

Customer side welded decal discs for professional branding.

Tailored dimensions (option)

Custom sizes available for perfect integration into existing benchwork.
