

With over 30 years experience, Bracton is the clear choice for all your cellar & bar sanitation products. Our glasswash chemicals are approved by Tooheys and Carlton United Breweries. See for yourself why more industry leaders choose **Bracton Glass Care**.

Bracton Glass Care

As Australia's foremost supplier of beerline and glasswash detergent, Bracton sets the standard for glasscare equipment and chemicals. Our products ensure you will get the most out of your equipment, enhancing glassware presentation and sanitation.

Bracton Recommends

Re-circulating glasswasher equipment, such as the *Bracton BR2 or MR Series Glasswashers*. Brewery approved *Glasswash Concentrate* and *Ready-To-Use Glasswash Detergent*. Soak glassware in *Bracton Pink* to eliminate the need for hand scrubbing tough stains, leaving the washed contents as well as the glasswasher, bacteria free. Cleanse your glasswasher periodically with *Bracton Descaler* to eliminate mould and fungi from equipment and drains. Turn over to see our range of Glass Care chemicals and equipment →

The Bracton Glass Care Range. See for yourself why more industry leaders choose Bracton Glass Care. Contact your local distributor for more information.

Bracton BR2 and MR Series Glasswashers

The Bracton range of commercial glasswashers are designed to make your glasswashing process as simple as possible, while providing superior results every time. The new Bracton range of glasswashers use less water, electricity and chemicals saving your venue more money with every cycle. The Bracton range includes the patented 3 minute cycle reducing labour costs by eliminating the need for hand scrubbing. With less moving parts than any other glasswashing machine, the Bracton glasswasher is the most reliable machine available.

Bracton Glasswash Concentrate (Blue Label)

Bracton Glasswash Concentrate is suitable for both hand and machine washing. Dilute 4 parts water to 1 part detergent for machines. May be used with brush scrubbers and is delicate on hands. Non-hazardous formula.

Bracton Ready-To-Use Glasswash (Green Label)

R.T.U. is a pre-diluted detergent suitable for all glasswash machines. *R.T.U.* makes it easy to fill detergent reservoirs, as no mixing is required. May also be used to hand wash glasses. Prevents mould and fungus growth within machines and also reduced corrosion and scaling. Non-hazardous formula.

Bracton Pink Soaker

Pink Soaker/Sanitiser is ideal for mixing as a soaking solution in a tub. Soak glasses in trays in *Pink* solution for 5 to 10 minutes then simply run through your glasswasher. Available in convenient pack sizes.

Bracton Descaler

Bracton Descaler can be added directly to your re-circulating glasswasher weekly. Cleans and removes corrosion and scale build up while strong disinfectant qualities clean drains and keeps mould and fungi from forming on your equipment. May also be used with gloves and a scourer to clean the inside of glasswashers and ice machines.

Bracton Glass Scrubbing Brush

Bracton's *Glass Scrubbing Brush* covers contours of most glasses ensuring an optimal clean. Removes tough stains with ease.
